

Foundry Maple—Painted & Sanded

Salvaged from factories and warehouses, this hardy Maple was underfoot for a century of textile weaving, furniture building, horse-less carriage manufacturing, toy making, and more. This grade is hand-painted then sanded to reveal the creamy and warm tones of the wood leaving a little splash of color in the deep worn textures of the planks.

MATERIALS

- Product Name:** Painted & Sanded Foundry Maple
- Species/Description:** Domestic Maple, original patina, painted & sanded.
- Source:** Flooring reclaimed from industrial facilities.
- Color:** Wood tones may range from cream to tan.
Paint color as specified.
Unlimited color variation is inherent to the product.
- Grade:** Painted & Sanded Foundry
- Dimensions:**
Solid
TH—3/4" or 1" per batch
WD—3" nominal
LG—12" to 144" random
Engineered
TH—N.A.
WD—N.A.
LG—N.A.
- Milling:** Tongue and Groove Square Edge (TGSQE)
or Square Edge (SQE) per batch
- Finish:** Unfinished unless specified otherwise
- Hardness:** 1300
(Janka Ball Test ASTM D1037-96A, Natural wood products have no minimum hardness since hardness is a characteristic of species and cannot be controlled)
- FSC Claim:** (SCS-COC-003998)
Solid: Recycled 100%
Engineered: N.A.

ADDITIONAL INFORMATION

Heartwood: No restriction

Grain: No restriction

Knots: No limitations on sound knots, surface defects from chipped or open knots may be present.

Texture: Texture variation from original wear and environmental conditions. Overwood of up to 1/8" can be expected.

Voids: Nail, bolt and other mechanical holes can be present and occasionally reach 3/8" in diameter. Surface defects from insect marks, including pin holes may be present. Expect gapping between boards after installation.

Discoloration: Applied paint will remain in surface crevices.

Checks: Structural checks not affecting the integrity of the plank, once installed, are allowed.

Moisture Content: Kiln dried 6–9% prior to milling.

LEED INFORMATION

MRC3: Materials Reuse

(materials used for this credit cannot be applied to MRC4 or MRC5)

MRC4: Recycled Content, 100% Post-Consumer Recycled Content

(materials used for this credit cannot be applied to MRC3 or MRC7)

MRC5: Regional Materials (call for details)

MRC7: Solid Materials are FSC Recycled 100%

RECOMMENDED OVERAGE

Recommend 7–12% additional material for on-site grading, trimming and installation factors.

Shown in Gentleman's Grey—many color options available.
