HOW BEST TO LOVE YOUR SHOU SUGI BAN

Top tips to extend the life of your Shou Sugi Ban charred wood

- 🌀 Keep it simple: don't power wash it
- 🌀 Give it space inside or outside: avoid repeated abrasion
 - * Keep landscaping away as rubbing branches or other obstructions will damage the surface of the wood over time
 - * Leave distance between the ground and the first row of planks to minimize water marks and surface erosion
 - * Prevent furniture from contacting the surface
- 🌀 Celebrate its char: don't try to burn it more
- 🌀 Let the wood breathe - install it with a proper rain screen for exterior applications

BONUS NOTES!

- 🌀 Step-by-step: follow your installation guide
- 🌀 Keep a damp cloth handy to wipe away any loose soot created during installation
