

WOOD

Our sustainably harvested Casual White Oak is FSC® (Forest Stewardship Council) Certified and makes the most of live sawn boards, preserving sound knots and embracing natural color variations in the wood. This milling technique not only produces visually dynamic flooring, it also minimizes waste during production.

WIDTH

Utilizing an 8" wide plank format, the Natural Expressions Collection gives any space an organic flow by allowing each board to express a variety of wood grain patterns. The 8" width also provides a robust appearance that is made possible because of the inherent stability of our engineered flooring substrate, offering flexibility and ease of installation in a variety of applications.

FINISH

The Natural Expressions Collection utilizes an all-natural plant-based UV Cured Hard-Wax Oil finish that offers incredible longevity and is easy to maintain. The UV curing process offers unparalleled consistency in color, tone, and sheen, while preserving the integrity of color expressed through the subtle nuances of the wood grain, resulting in a hard-wearing finish that is good for both people and planet.

Our goal is to help you shine, ensuring your project goes smoothly from start to finish. By inventorying & milling our products in New York & Oregon, we can remove obstacles so you can hit tight schedules and budgets. Here is our promise:

- On time, your time, every time.
- We mill for precision, grade for quality, and kiln-dry for stability—assuring you a headache-free job site.
- Let us pre-finish your order and save you install time. We have standard oils, polys, and nano options.
- If you have questions about delivery, acclimation, installing, or finishing—call us, we speak construction.
- We source and mill in-house giving us buying power and control; giving you competitive pricing.
- Your whole-project solution: With full in-house drafting, design, and custom woodworking should you need it.

Serving great clients across North America from OR & NY.

The Natural Expressions Collection

FLOORING DESIGNED WITH DAVID SENISE

The Natural Expressions Collection

Celebrated interior designer David Senise combines elements inspired by nature to bring thoughtful sophistication and grounded aesthetics from the natural world into flooring for commercial & residential spaces.

"Design has always been a reflection of the times in which people live. Today people are more environmentally conscious and the desire to bring nature into their daily lives has become more pronounced."

~David Senise

Our engineered floors are low-VOC, CARB2, LEED point eligible, and uniquely made right here in the USA. Some of our engineered floors are FSC® certified and many are UL GreenGUARD Gold® certified—which means we tested them and they don't off-gas, promoting healthy indoor air quality for you & your family.

DETAILS

- » Single Widths at 8"
- » Charactered Grain
- » Up to 12' Lengths
- » Engineered for stability and versatility
- » Non-VOC finish that can be touched-up over time
- » Made in the USA in our employee-owned mills
