# **Engineered Wood Products**

Can a sustainably harvested or reclaimed engineered wood floor be eco-friendly and socially responsible? We studied, researched, and developed until we created our own engineered wood products that are FSC-certified, formaldehyde-free, low-VOC, CARB2, and made right here in the USA.

Available for most of our reclaimed wood and all Modern Farmhouse options—you can mix engineered products into your project while maintaining consistency with your solid wood choices. Our engineered wood is ready for installation on cement slabs, in basements, over radiant heat, or anywhere you need your floor to have minimal movement.

# Pioneer Millworks Engineered Wood Products

# MANUFACTURER

Pioneer Millworks 1180 Commercial Drive Farmington, NY 14425 Phone: 800-951-9663 Pioneer Millworks 2609 SE 6th Avenue Portland, OR 97202 Phone: 503-719-4800
