

Larch Deep Char Siding

Traditionally Inspired, American Made™, a dramatic evolution on a centuries old tradition Yakisugi. Pioneer Millworks burnt wood Shou Sugi Ban siding and paneling can be as unique as the space you are designing or the home you are building. Charred wood, preserving the deep wood grains and weathered texture, brushed to accentuate the hidden beauty.

Larch Cobalt Paneling

# Shou Sugi Ban

Our goal is to help you shine, ensuring your project goes smoothly from start to finish. By inventorying & milling our products in New York & Oregon, we can remove obstacles so you can hit tight schedules and budgets. Here is our promise:

- On time, your time, every time.
- We mill for precision, grade for quality, and kiln-dry for stability—assuring you a headache-free job site.
- Let us pre-finish your order and save you install time. We offer exterior grade finishes in a range of standard colors.
- If you have questions about delivery, acclimation, installing, or finishing—call us, we speak construction.
- We source and mill in-house giving us buying power and control; giving you competitive pricing.
- Your whole-project solution: With full in-house drafting, design, and custom woodworking should you need it.

Serving great clients across North America from OR & NY.

50 YEAR WARRANTY

Accoya® Shou Sugi Ban is FSC-certified® and cradle-to-cradle certified making it a top choice for sustainability and material health. The rot and moisture resistance of this acetylated pine is due to the unique vinegar treatment it is given directly after harvest. This makes it extremely durable, rivaling tropical hardwoods for longevity, and it comes with a 50-year above-ground warranty.
