CERTIFICATIONS & LEED INFORMATION

FSC® Claim: SCS-COC-003998-D

Engineered

FSC® Mix

Greenguard GOLD Certified

MRc5: Regional Materials (call for details)

INSTALLATION RECOMMENDATIONS

Overage: Minimum 10% additional material
for on-site grading, trimming and installation factors.

Climate: As with any wood flooring product, the room temperature should be held at a consistent range between **60-80° F** with relative humidity between **30-60%**.

Environmental conditions consistently outside of these parameters could result in product performance issues.

Clean White Oak

Sophisticated, warm, and chic this line offers a twist on classically elegant species, matching function with contemporary farmhouse style. Showcasing modern flare with a more uniform appearance than its reclaimed counterpart, this high grade of White Oak is sourced from forests which are carefully managed to strict Forest Stewardship Council® (FSC®) requirements. Celebrated in natural, fresh-sawn tones, expect consistent hues ranging from cream to tan, relaxed grain patterns, and as a few small knots. This sustainably harvested wood pairs especially well with our custom eco-friendly finishes for flooring and paneling.
