INSTALLATION RECOMMENDATIONS

Overage: Minimum 10% additional material for on-site grading, trimming and installation factors.

Climate: As with any wood flooring product, the room temperature should be held at a consistent range between 60-80° F with relative humidity between 30-60%.

Environmental conditions consistently outside of these parameters could result in product performance issues.

American Gothic Hickory

Dramatic contrasting knots and sapwood are the hallmarks of our reclaimed Hickory, typically salvaged from barns. It's the hardest of our domestic species and wears superbly. Expect chocolate and vanilla color tones, swirling grain, limited nail holes, and occasional insect marks that create a distinctive pattern.
