INSTALLATION RECOMMENDATIONS

Overage: Minimum 10% additional material
for on-site grading, trimming and installation factors.

Climate: As with any wood flooring product, the room temperature should be held at a consistent range between **60-80° F** with relative humidity between **30-60%**.

Environmental conditions consistently outside of these parameters could result in product performance issues.

Black & Tan

This reclaimed mix of Domestic Oak features hints of its original non-toxic black paint from its previous life as horse farm fencing deep in the grain and fissures of the smooth planed surface. An exciting blend of warm tones with varying lights and darks, you'll find occasional knots and a modest price point on these single width reclaimed planks.
