

Abodo® Vulcan Siding & Shiplap

Pioneer Millworks Abodo Vulcan thermally modified siding is carefully crafted for longevity, beauty, and the environment. Sustainably harvested from responsibly managed New Zealand forests and manufactured from FSC®-certified timber, the precision milled Radiata Pine is subjected to a thermal modification process. This process is free of Red List chemicals, fungicides, insecticides, and plastics making it the perfect choice for both exterior and interior applications. Additionally, this procedure provides our cladding with added water repellency, protection from insects and allows it to sequester more carbon than is used during its manufacturing process. It also results in a reduced resin content giving the substrate an enhanced stability and long-term viability. Offering unsurpassed aesthetics, durability, and weatherability, our thermally modified siding is available in a variety of finishes and profiles, and can work with any architectural intent or application, whether vertical, horizontal, commercial or residential.

MANUFACTURER

Pioneer Millworks
2655 NE Orchard Ave
McMinnville, OR 97128

MATERIALS

Product:	Abodo® Vulcan Siding & Shiplap
Collection:	Siding & Shiplap
Species:	Radiata Pine / Thermally Modified
Texture:	Wire-Brushed
Color:	Available Vulcan Black, Vulcan Kodiak, Vulcan Marmot, Vulcan Dove, and Vulcan Morel <i>Unlimited color variation is inherent to the product.</i>
Grade:	Select
Finish:	Prefinished with a exterior sealer as specified (2 coats face, one coat back). <i>* Shown in Vulcan Kodiak</i>
Hardness:	922 <i>(Janka Ball Test ASTM D143, Natural wood products have no minimum hardness since hardness is a characteristic of species and cannot be controlled)</i>

DIMENSIONS & MILLING

Profiles:	SHIPLAP (No Reveal) SHIPLAP (With Reveal) SQUARE-EDGE (S4S) TGBVE (No Reveal) TGBVE (With Reveal) Nova Clip
Thickness:	3/4"
Width:	7"
Length:	6'– 16' random <i>(At least 20% of each order will be the longest length in the range)</i> <i>Called lengths available</i>
Back-Relief:	Included

ADDITIONAL INFORMATION

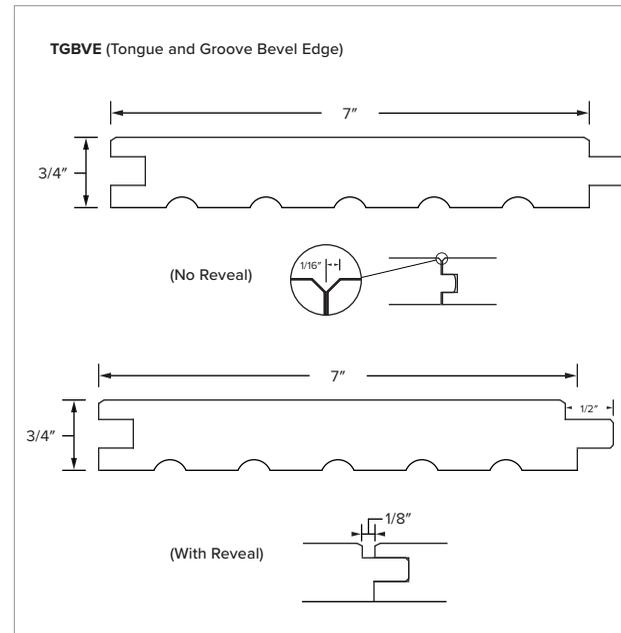

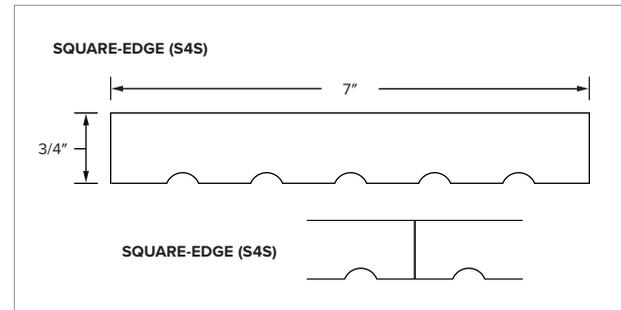

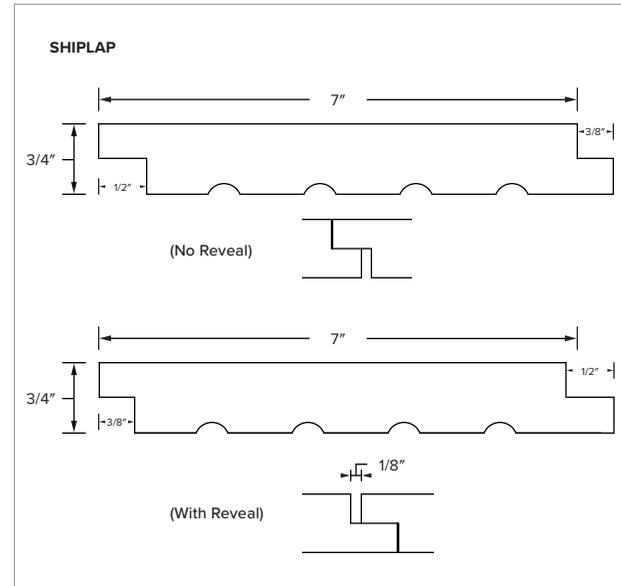

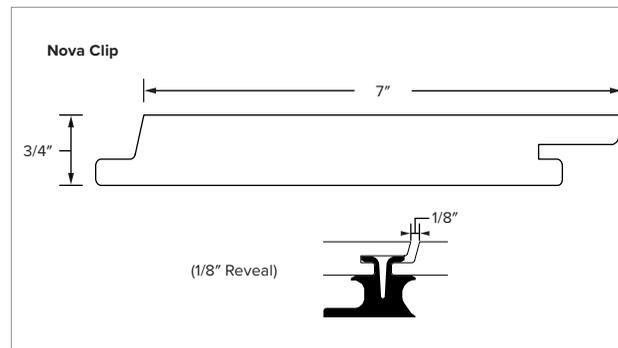

Heartwood:	No Restriction
Grain:	No Restriction
Knots:	Infrequent pin knots up to 3/8" in diameter may be present.
Voids:	None allowed
Checks:	Minimal surface checking may be present.
Moisture Content:	Kiln dried less than 10% prior to milling.

CERTIFICATIONS & LEED INFORMATION

FSC® Claim:	FSC Mix Credit (GFA-COC-008489)
MRc4:	Building Product Selection and Procurement <i>(FSC Mix Credit)</i>

INSTALLATION RECOMMENDATIONS

Overage:	Minimum 15% additional material <i>For on-site grading, trimming and installation factors.</i>
Climate:	As with any wood product, extreme climate conditions including heat, cold, humid or arid can cause movement and performance issues with the material.
