6 MDC WALLCOVERINGS
mdcwall.com
 Available in 4-by-8-ft. and 4-by-10-ft. panels, Dimension Walls includes three new textures: Interlock, Wayfind and Faceted (shown). The decorated thermoplastic sheets feature finish options such as cracked metal, aged patina, wood grain and matte, or polished stone.

7 PIONEER MILLWORKS
pioneermillworks.com
 Sourced from Indonesia, Reclaimed Teak consists of a .16-in salvaged teak wear layer, cold-pressed to FSC-certified plywood. Panels measure .75-in deep with splined edges. Available in traditional versailles, chevron and custom patterns.

8 ALPI
alpiwood.com
 Renown Italian architect and furniture designer, Piero Lissoni, created Velò. This slatted composite wood surfacing collection includes four color variations: natural, brown, mocha and sand.

9 CHEMETAL
chemetal.com
 Classic Metals' 900 Series panels are made from solid anodized aluminum and are offered in styles that draw inspiration from brass, bronze, copper, stainless steel and aluminum. The line offers finish options such as antique, polished, brushed, satin and smoked. Laminate backer options available.

10 BANKER WIRE
bankerwire.com
 Decorative Plating wire mesh showcases a secondary finish achieved through an electrodeposition process, in which a thin layer of brass, nickel, chrome, or copper is deposited on the surfacing material. Fine, opaque, mid-fill (shown) and large patterns available.
