

Nova ExoClad QuickClip Rainscreen Assembly

Pioneer Millworks has partnered with Nova ExoClad QuickClip for a simple fastener-free-look rainscreen assembly that works seamlessly with Pioneer Millworks Accoya® (5 1/4" and 7 1/4" widths) and Abodo® (7" width) wood siding products.

Why use Nova ExoClad QuickClips?

- No visible fasteners
- Consistent 1/8" reveal between planks
- Streamlined installation with integrated rainscreen
- 3/4" air gap provides ample ventilation behind the siding
- Durable & flexible nylon-fiberglass clip is designed to allow natural wood movement
- Works for both horizontal and vertical installations
- Made in the USA

Add Nova ExoClad QuickClips to your Accoya® or Abodo® siding.
Order today, or call your sales person to request a sample.
